

Merseyside Recycling and Waste Authority**21st April 2017****Internal Audit Plan 2017/18****1.0 Objective**

1.1 To seek Authority approval to the proposed Internal Audit Plan 2017/18.

2.0 Background

2.1 The responsibility to maintain an adequate and effective system of internal audit of the Authority's system of internal control, in accordance with proper internal audit practices, rests with the Director of Finance of MRWA under Section 73 of the Local Government Act 1985 and the requirements of the Accounts and Audit Regulations 2015.

2.2 Internal Audit is provided via an annual Service Level Agreement (SLA) and in broad terms will require the MRWA to:-

- Approve the Internal Audit Plan;
- Consider Internal Audit's Annual Opinion;
- Review its control, risk and governance environment annually in preparing its Annual Governance Statement.

2.3 In addition, officers of MRWA to:-

- Consider and agree internal audit reports prior to publication;
- Present published audit reports to the MRWA and take appropriate action to ensure agreed actions arising are implemented;
- Notify Internal Audit promptly of any material change in the risks facing the MRWA;
- Agree variations to the audit plan during its currency to allow internal audit to respond to changing risks.

2.4 Internal Audit will support the MRWA and its staff in the delivery of their objectives and help ensure that resources are safeguarded from fraud, bribery and corruption. It will meet its responsibilities by:-

- Providing an independent opinion on the effectiveness of the MRWA's financial, operational, risk management, governance and control framework;
- Conducting risk based reviews of internal systems within the MRWA, reporting to Managers on their effectiveness and make recommendations for improvement where appropriate;
- Advising on the adequacy and effectiveness of controls in new and developing systems where requested;

- Advising on the prevention and detection of fraud and investigate suspected fraud or irregularity where requested.
- 2.5 Our internal audit plan will be informed by professional standards necessary to ensure an effective internal audit service.
- 2.6 These requirements are specified within:
- Public Sector Internal Audit Standards (PSIA's) April 2013, and
 - CIPFA guidance detailing proper practice and arrangements in order to inform the Annual Governance Statement (AGS) - Delivering Good Governance Framework 2016.
- 2.7 The audit planning process was informed by discussion of audit needs based on assessment of risk in conjunction with the Director of Finance who had also taken advice from MRWA's Executive Management Team. Risk factors included budgetary information and inherent corporate and reputational risk factors.
- 2.8 Coverage will support the Chief Executive in preparing his annual opinion and report to the Authority as to the effectiveness of its control, risk and governance environment and the Authority's Annual Governance Statement.
- 3.0 Proposed Audit Plan 2017/18
- 3.1 An outline of our proposed work is detailed below and, in accordance with our proposed SLA, we will provide 50 audit days.
- 3.2 A key objective of Internal Audit's work is to provide MRWA management with independent assurance as to the effectiveness of the control, risk and governance environment within their respective areas of responsibility.
- 3.3 The plan provides a balanced approach to the review of the control risk and governance environment and includes reviews of :-
- **Resource Recovery Contract**
A review of the effectiveness of the control environment for the newly established RRC contract, including the transitional arrangements for the interim period prior to contract commencement.
 - **Waste Contract - Veolia**
A review of the control environment for the contractual arrangements and financial transactions with Veolia.
 - **Environmental Monitoring System (ISO14001)**
A strategic review of the EMS arrangements and controls for the delivery of planned improvements.
 - **Behavioural Change Programme**

A review of the strategic delivery of objectives for the Behavioural Change Programme and associated control mechanisms.

- **Business Continuity and Emergency Planning**

To review the Authority's arrangements for risk, business continuity and emergency planning, and provide advice on improvements to existing regional arrangements.

3.4 Should any of our planned reviews require additional testing or audit coverage, which would affect the current Service Level Agreement of 50 days, this will be discussed with the Director of Finance at the earliest opportunity and agreement sought on resources.

4.0 Reporting Arrangements

4.1 Internal Audit will, on the completion of audit work, provide draft reports to the Director of Finance for consideration and review as part of a drafting process prior to publication.

4.2 On publication, reports will be forwarded to the Clerk to the Authority for inclusion within the Authority's scheduled meetings.

4.3 Internal Audit will attend and present the report responding to any questions Members may have.

END
