Meeting Date:	26 th September 2008
Submitted in accordance with MWDA Procedural Rule 9.1 to:	Mandy Valentine Corporate Services Manager and Proper Officer of the Merseyside Waste Disposal Authority Copy to: Carl Beer, Director of the Merseyside Waste Disposal Authority
Question:	Chairperson, I read with great concern your letter dated 5 th September 2008 regarding the notice of resignation from the Clerk, Solicitor and Treasurer to the Authority. I am sure that all Members support your comments regarding their service to the Authority and are reassured in respect to your commitment to provide information to the Board on the recruitment process to these vacant posts. However, there is no explanation provided as to the reasons for their departure and the impact that their resignations will surely have in respect to our stakeholders' confidence in the management of the Authority's business. Therefore, please can the Director provide information as to why they have decided to resign and comment on the implications and risks arising from their departure and how these matters will be managed?
