CONSTITUTION

MERSEYSIDE WASTE DISPOSAL AUTHORITY

THE AUTHORITY'S CONSTITUTION

Merseyside Waste Disposal Authority's Constitution sets out how we operate, how decisions are made and the rules and procedures we have adopted to maintain high standards of efficiency, transparency and accountability to local people. Some of these are required by law, while others are a matter for the Authority to choose.

The Constitution is comprised of the following articles:

- Scheme of Delegation (**Article 1 – Page 5**)
- Authority Procedural Rules (**Article 2 – Page 11**)
- Financial Procedural Rules (**Article 3 – Page 34**)
- Contract Procedural Rules (**Article 4 – Page 56**)
- Information Procedural Rules (**Article 5 – Page 71**)
- Protocol for Reporting at Meetings (**Article 6 – Page 82**)
- Code of Conduct for Members (**Article 7 – Page 85**)
- Code of Conduct for Employees (**Article 8 – Page 93**)
- Member / Officer Protocol (**Article 9 – Page 106**)

WHO WE ARE

The Authority is a single purpose statutory authority established on 1st April 1986 by the Waste Regulation and Disposal (Authorities) Order 1985, made under the powers in Part II of the Local Government Act 1985.

We are primarily responsible for:-

- a) making arrangements (with contractors) for the disposal of waste collected by the constituent Waste Collection Authorities on Merseyside (namely Knowsley, Liverpool, St Helens, Sefton and Wirral Councils). We also provide services to Halton Council through an Inter Authority Agreement;
- b) providing and making arrangements (through our contractors) for the provision and operation of household waste recycling centres (HWRCs) for use by members of the public and the removal of waste deposited at those sites;
- c) making arrangements for the recycling, composting and treatment of waste and meeting any statutory performance standards to promote the sustainable management of waste;
- d) discretionary payments of 'recycling credits' to third parties; and
- e) aftercare of former landfill sites owned or under the control of the Authority.

AUTHORITY MEMBERS

The Authority comprises nine Members who are Councillors from the five Merseyside Councils. In accordance with a statutory apportionment, the number of appointments is as follows:

Knowsley – 1 Member
Liverpool – 3 Members
St Helens – 1 Member
Sefton – 2 Members
Wirral – 2 Members

Halton Council also have a Member on the board in support of the Inter Authority Agreement, however, their representative does not have voting rights.

Although the Authority is not required to have a Code of Conduct for Members, it has adopted a voluntary code which Members have agreed to follow to ensure high standards in the way they undertake their duties.

Members meet at Authority meetings to take decisions on high level matters such as policy, strategy and budget and the conduct of those meetings is set out in the Authority Procedural Rules. Meetings are held in public and there is an opportunity for members of the public to ask questions subject to the provisions set out in the Authority Procedural Rules, however, the public may be excluded during consideration of some items on the agenda where the matter relates to confidential or other exempt information.

AUTHORITY STAFF

The Authority employs staff (referred to as ‘Officers’), headed by the Chief Executive, to give advice, implement decisions and manage the day-to-day delivery of services. There are also Statutory Officers (Treasurer, Clerk and Monitoring Officer), who have specific duties to ensure that the Authority acts within the law and uses its resources wisely. Officers are required to adhere to a Code of Conduct for Employees and there is a Member / Officer Protocol which governs the relationships between Officers and Members of the Authority.

HOW DECISIONS ARE MADE

The Authority operates a Scheme of Delegation which specifies which decisions must be taken by Members at Authority Meetings (Key Decisions) and those which can be delegated to Officers. Key Decisions are defined in the Authority Procedural Rules as those decisions which are significant financially or in terms of community impact.

For information, the Authority has adopted the name of “Merseyside Recycling and Waste Authority” for public facing purposes and this appears in much of our literature and online. However, in the context of the Constitution, “Merseyside Waste Disposal Authority” is the decision-making body established under the Local Government Act 1985 and it is this name that is referred to throughout the following articles.

SCHEME OF DELEGATION

1 INTRODUCTION

- 1.1 The Authority will meet to consider Key Decisions, as defined in the Procedural Rules, and scrutiny issues with regard to delegated decisions, which have been called-in in accordance with the Procedural Rules and the provisions of this Scheme.
- 1.2 This Scheme delegates to the Chief Executive and where appropriate, the Authority's Statutory Officers (as defined in the Authority Procedural Rules), all the powers and duties of the Authority necessary for the discharge of its functions.
- 1.3 In this Scheme, unless the context otherwise demands, the definitions and interpretations used in the Authority Procedural Rules shall apply.
- 1.4 For the purposes of this Scheme:
 - (a) Administrative Decisions are decisions by one of the Officers identified in paragraph 1.2 above which can be dealt with or sub-delegated under the provisions detailed in paragraph 2.4 below.
 - (b) Executive Decisions are those decisions which do not fall within the definition of Administrative Decisions and are not Key Decisions and may be delegated to an Officer, following consultation with the Chair and Deputy Chair and all the Members of the Authority and subject to the scrutiny provisions identified in the Scheme.
 - (c) Key Decisions are as defined in the Authority Procedural Rules

2 OVERALL LIMITATIONS

- 2.1 This Scheme does not delegate to Officers:
 - (a) any matter reserved by law, or by the Authority, to the Authority itself, or to a committee or sub-committee of the Authority;
 - (b) any matter which by law may not be delegated to an Officer;
 - (c) any Key Decision, as defined in the Authority's Procedural Rules.
- 2.2 Officers may only exercise delegated powers in accordance with:
 - (a) the established policies of the Authority;
 - (b) the budget approved by the Authority;
 - (c) the Authority's Procedural Rules, Contract Procedural Rules and Financial Procedural Rules;

(d) any statutory restrictions, guidance or codes of practice and guidelines given from time to time by the Authority.

2.3 In exercising delegated powers, Officers shall not incur expenditure, which is not provided for in the Authority's approved Capital and Revenue Budgets.

2.4 Sub-Delegation

This Scheme includes the power for the Officers identified in paragraph 1.2 above to further delegate any function which has been delegated to them under this Scheme to another Officer or Officers. Every such sub-delegation shall be in writing and reflected in job descriptions where appropriate, setting out the terms and conditions upon which that function is to be performed and accountability for the performance of the sub-delegated function. The Officer making such sub-delegation shall record the sub-delegation in a register maintained for the purpose by the Proper Officer.

2.5 In exercising any delegated function, Officers shall have regard to the requirement to comply with the restrictions set out in paragraph 2.2 above and shall be responsible for undertaking any appropriate consultation with the Authority's Statutory Officers before making any decision.

2.6 In exercising any delegated function, Officers shall have regard to any professional standards or operational policies of the Authority.

2.7 There are two types of decisions which may be taken by Officers under this scheme of delegation:

(a) Executive Decisions

(b) Administrative Decisions

3 EXECUTIVE DECISIONS

3.1 Consultation

(a) Before taking any Executive Decision, the Officer shall, in consultation with the Chief Executive and the Authority's statutory officers, prepare a report, setting out:

(i) the Officer preparing to take the decision;

(ii) the issue to be decided;

(iii) any restriction upon the publication of the report as if the decision were a decision falling to be made by a committee or sub-committee of the

Authority in accordance with Sections 100 and 100A to 100K of the Local Government Act 1972;

- (iv) any facts upon which any decision must be based;
 - (v) any legislative requirements;
 - (vi) any Authority policy relating to the issue;
 - (vii) any relevant national or regional guidance;
 - (viii) the alternative options available to the Officer;
 - (ix) the staffing and financial implications of the issue;
 - (x) an assessment of the risks associated with the issue to be decided;
 - (xi) any consultations undertaken; the view of any consultees;
 - (xii) any implications for any other areas of the Authority's activities;
 - (xiv) the Officer's proposed decision and the reasons supporting the Officer's proposed decision.
- (b) Following consultation with the Chair and Deputy Chair, a copy of the report will be submitted to all Members of the Authority by Proper Officer.

3.2 Call-in

Two or more Members may object to the proposed decision, within 5 working days of receiving it, by notifying the Proper Officer of their objection and requesting that it be referred to the next meeting of the Authority for determination.

If a Member has no objection to the proposed decision he will return the report to the Proper Officer within 5 clear working days of receiving it.

3.3 Determination

Where no objection has been received from two Members within the timescale outlined above, the Officer may proceed to make a final decision as indicated in the report.

Where two Members have requested that the report be referred to a meeting of the Authority, the Officer shall no longer have the power to take the final decision. The Proper Officer shall include the report for decision to the next meeting of the

Authority and the Officer's proposed decision shall form the recommendation to the Authority.

3.4 Urgent Decisions

Where an Officer is of the opinion that an Executive Decision for which he/she is responsible should be made urgently in order to prevent or reduce the risk of damage to persons or property, or to the interests of the Authority, and that the urgency of the decision is such that it is not practicable to complete the Executive decision-making process set out above, the Officer shall:

- (a) use his/her best endeavours, as far as the urgency of the matter permits, to consult those persons whom he/she would have been required to consult had the full Executive decision-making process been followed; and
- (b) have the full power to take that Executive decision, notwithstanding that the full procedure has not been followed;
- (c) as soon as practicable after taking the decision, ensure that a report set out as in paragraph 3.1(a) is prepared, setting out also the reasons for the urgency and the final decision which has been taken, and that report shall go to the next convenient meeting of the Authority for information.

3.5 Recording of Executive Decisions

Upon making an Executive decision, the Officer shall provide the Proper Officer with a written statement of the decision, signed by the Officer, within 2 working days of the date of the decision.

The Proper Officer shall publish all Executive decisions within 5 working days of the date of the decision and shall ensure that a record of these decisions, including a copy of the report, subject to any requirement for confidentiality, is available for public inspection during normal office hours, and that the public shall have a right to copy or to be provided with a copy, of any part of that record upon payment of a reasonable copying and administrative charge.

3.6 Accountability

Officers are accountable for any decision which they make and may be required to report to and to attend and answer questions at an Authority meeting in respect of such decisions.

4 ADMINISTRATIVE DECISIONS

4.1 A decision shall not comprise an Administrative Decision if:

- (a) it is not within an approved budget;

- (b) it is in conflict with the established policies of the Authority;
- (c) it raises new issues of policy;
- (d) it will result in any staff being displaced or TUPE transferred;
- (e) it requires the acquisition or disposal of any interest in land;
- (f) it requires a virement of funding of above £50,000;
- (g) it requires the acceptance of a tender for a contract in excess of £100,000 unless such an acceptance satisfies value for money requirements stated in the Contract Procedural Rules;
- (h) it proposes the payment of an ex-gratia payment or payment of a sum in settlement of a complaint against the Authority;
- (i) it proposes the write-off of a debt to the Authority of more than £1,000;
- (j) the Officer is of the opinion that it should be treated as an Executive Decision or a Key Decision.

4.2 Consultation and Publicity

- (a) Officers do not have to produce or publish a formal written report in respect of an Administrative Decision, but they must undertake appropriate consultation with the relevant Officers (as defined in the Authority's procedural rules, policies and procedures in relation to the specific decision being taken), before making the decision.
- (b) Where the decision proposes the write-off of a debt owed to the Authority, the Treasurer must be consulted and the matter must be dealt with in accordance with the Financial Procedure Rules.

4.3 Recording and Reporting of Administrative Decisions

Officers are responsible for ensuring that the Administrative Decisions they take, and the reasons for such decisions, are recorded sufficiently for audit and evidential purposes and that all those who need to know are informed promptly of the decision. The method of recording different types of Administrative Decisions will be determined by the Clerk, however, there is no requirement to maintain a public register of Administrative Decisions for the purpose of Member or public access.

Such reports will be marked "Not for Publication" together with the category of information likely to be disclosed.

10. **PROCEDURE ON THE MAKING OF KEY DECISIONS**

A Key Decision may not be taken unless:-

- (a) a notice (here called a forward plan) has been published in connection with the matter in question; and
- (b) at least 3 clear days have elapsed since the publication of the forward plan.

11. **THE FORWARD PLAN**

11.1 Period of Forward Plan

Forward plans will be prepared by the Chief Executive to cover a period of four months, beginning with the first day of any month. They will be prepared on a monthly basis and subsequent plans will cover a period beginning with the first day of the second month covered in the preceding plan. The most recent forward plan shall be taken to have superseded each and every earlier plan.

11.2 Contents of Forward Plan

The forward plan will contain matters which the Chief Executive has reason to believe will be subject of a key decision to be taken by the Authority. It will describe

the following particulars insofar as the information is available or might reasonably be obtained:-

- (a) the matter in respect of which a decision is to be made;
- (b) the date on which, or the period within which, the decision will be taken;
- (c) the identity of the principal groups whom the decision taker proposes to consult before taking the decision;
- (d) the means by which any such consultation is proposed to be undertaken;
- (e) the steps any person might take who wishes to make representations to the Authority about the matter in respect of which the decision is to be made, and the date by which those steps must be taken; and
- (f) a list of the documents submitted to the decision taker for consideration in relation to the matter.

Exempt information need not be included in a forward plan and confidential information cannot be included.

12. **GENERAL EXCEPTION**

If a matter which is likely to be a key decision has not been included in the forward plan, the decision may still be taken for reasons of urgency (as defined in the Authority Procedural Rules (Rule 4.3.4 and 23) or if the decision must be taken by such a date that it is impracticable to defer the decision until it has been included in the next forward plan and until the start of the first month to which the next forward plan relates. Where such a decision is taken, it must be taken at a public meeting unless Confidential Information or Exempt Information will be considered.

13. **ADDITIONAL RIGHTS OF ACCESS FOR MEMBERS**

13.1 In addition to the rights of Members of the Authority under Section 100F of the 1972 Act, but subject to paragraph 2 below, the following persons shall be entitled on application to the Proper Officer, to inspect any documents or have access to other information of the following descriptions:

- (a) any Member of the Authority; any document in the possession or under the control of the Authority in relation to which a Committee, of which he/she is a member, may discharge a function of the Authority;
- (b) any Member of the Authority; any document or other recorded information in the possession or under the control of the Authority, access to which is necessary for the proper discharge of his/her functions as a Member of the Authority provided that:
 - (i) no person shall be entitled to inspect any document or have access to any information relating to any matter in which he/she has a personal or prejudicial interest and which would have prohibited the Member(s) from speaking and voting on a matter at a meeting;
 - (ii) a person may be refused the right to inspect a document which it is not necessary for him/her to inspect for the purposes of the proper discharge of his/her function as a Member of the Committee in question, if there is good reason why such inspection should be refused;
 - (iii) access to information not in the form of a document need not be given where the cost of providing the access is unreasonably high or

during such period as the giving of access would unreasonably disrupt the work of the Authority;

- (iv) where information which is provided to a Member (either upon request or as part of a report under consideration by the Authority or a committee of the Authority) is confidential to the Authority then that information will be kept confidential by the Member and will not be disclosed to any other person or body.

13.2 In the case of any document other than a document to which the rights under Section 100F of the 1972 Act apply and in any case of information which is not in the form of a document, if the Proper Officer considers that access to any document or other information is not necessary for the proper discharge of the functions (as a Member of the Authority or as a Member of a Committee as the case may be) of the person requesting such access, and there is good reason why access should be refused, he/she may refuse the person concerned access to the document in question.

13.3 Where a person inspects a document under the rights conferred by Section 100F of the 1972 Act or this Procedure Rule and the Authority may lawfully make a copy of that document, he/she shall be entitled on request to be given a copy of that document provided that:

- a) a reasonable charge shall be made for the copy unless the Proper Officer otherwise directs;
- b) a copy may be refused if the Proper Officer considers that it is impracticable to make a copy.

- 13.4 A Member of the Authority may attend, as an observer, any meeting of a Committee, of which he/she is not a member, whether in public or private business and the attendance of that member at that meeting may be recorded in the minutes.
- 13.5 With the agreement of the person presiding at a meeting of a Committee, any member attending as in 13.4 above may be allowed to speak on any item before the Committee, but not vote, such agreement to be sought prior to the commencement of that meeting.

PROTOCOL FOR REPORTING AT MEETINGS

Introduction

Merseyside Waste Disposal Authority is committed to openness and transparency in how it conducts its business. This Protocol sets out its approach to certain types of reporting at Authority meetings. It outlines some basic principles and practical points aimed at balancing the requirements of those wishing to report the meeting and those attending and taking part.

This Protocol supports the Authority's Information Procedural Rules which governs access to information and the Authority Procedural Rules which sets out how meetings are conducted. Members of the public who wish submit questions to Authority meetings should follow the process set out in those documents.

Reporting

The Local Government Act 1972 provides that individuals may carry out reporting at meetings of local government bodies. This Protocol is primarily concerned with reporting that involves filming, photographing, and/or audio-recording of meetings.

Before the meeting:

There is no requirement to obtain permission or to make a prior arrangement to attend a meeting for the purpose of reporting upon it. However, if you are intending to film, photograph and/or audio-record, it would be helpful to contact the Clerk and Monitoring Officer (see contacts below) to ensure that suitable arrangements can be made to accommodate you.

There will be a designated area in the meeting room for you to observe the meeting and to allow you to film, photograph and/or audio-record it. Wherever possible you will have access to a seat (although this may depend on how much space is available).

The Chair of the meeting will be informed if the reporting includes filming, photographing and/or audio-recording. Those attending the meeting who are not Members or officers will be made aware that they have the right to object to being filmed, photographed and/or audio-recorded by you.

You must not start filming, photographing and/or audio-recording until the Chair opens the meeting.

During the Meeting:

The Chair will announce at the beginning of the meeting that the meeting is being filmed, photographed and/or audio-recorded. He or she will then ask attendees whether they agree to be filmed, photographed and/or audio-recorded to allow them to register a personal objection. If anyone has a personal objection then the Chair can temporarily suspend filming, photographing and/or audio-recording to allow attendees to have their say. Note: this does not apply to Members and officers.

If the Chair considers that the filming, photographing and/or audio-recording is disrupting the meeting he/she can instruct you to stop doing so. Therefore, it is worth noting that your equipment should not be noisy or otherwise distracting (e.g. flash and spotlights can be problematic).

You will not normally be allowed to give a spoken commentary during proceedings as this is highly likely to be disruptive.

If you refuse to stop filming, photographing and/or audio-recording when requested to do so, the Chair may ask you to leave the meeting. If you refuse to do so then the Chair may adjourn the meeting or make other appropriate arrangements for the meeting to continue without disruption. There are provisions in the Authority Procedural Rules that allow this.

When the meeting is officially closed by the Chair you must stop filming, photographing and/or audio-recording.

Exclusion from Meetings:

The majority of the Authority's decision-making takes place in meetings open to the public and press. You may only be excluded from a meeting when issues are being considered that involve confidential or exempt information (as defined in Section 100 of the Local Government Act 1972).

Even if you are excluded you will know the nature of the business to be dealt with while you are excluded from the meeting and the decision will be made known after the meeting.

No filming, photographing and/or audio-recording is permitted during any exclusion. All equipment for filming, photographing and/or audio-recording must be removed from the meeting room.

CODE OF CONDUCT FOR MEMBERS

The Merseyside Waste Disposal Authority (“the authority”) has adopted this Code of Conduct to promote and maintain high standards of conduct and underpin public confidence in the authority and its members.

The Code has been adopted voluntarily and is based on the following core principles of public life - selflessness, integrity, objectivity, accountability, openness, honesty and leadership. It sets out general obligations about the standards of conduct expected of members of the authority, together with provisions about registering and declaring interests.

Interpretation

In this Code:-

“member” includes a co-opted member.

“meeting” means any meeting of:

- (a) the Authority or any of its committees;
- (b) any briefing by officers; or
- (c) any site visit to do with business of the Authority

whether or not the press and public are excluded from the meeting in question by virtue of a resolution of members.

General obligations

When acting in your role as a member of this authority you must act in accordance with the following obligations:

Selflessness

You must act solely in the public interest and must never use or attempt to use your position improperly to confer an advantage or disadvantage on any person or act to gain financial or other material benefits for yourself, your family, friends or close associates.

Integrity

You must not place yourself under a financial or other obligation to outside individuals or organisations that might seek to influence you in the performance of your official duties.

You should exercise independent judgement. Although you may take account of the views of others (including a political group), you should reach your own conclusions on the issues before you and act in accordance with those conclusions.

Objectivity

When carrying out your public duties you must make all choices, such as making

public appointments, awarding contracts or recommending individuals for rewards or benefits, on merit.

You should remain objective, listen to the interests of all parties appropriately and impartially and take all relevant information, including advice from the authority's officers, into consideration.

Accountability

You are accountable to the public for your decisions and you must co-operate fully with whatever scrutiny is appropriate to your office, including by local residents.

Openness

(a) You must be as open and transparent as possible about your decisions and actions and the decisions and actions of your authority. You should be prepared to give reasons for those decisions and actions. You must not prevent anyone getting information that they are entitled to by law.

(b) Where the law or the wider public interest requires it, you must not disclose confidential information or information to which public access is restricted.

Honesty

(a) You must declare any private interests, both pecuniary and non-pecuniary, that relate to your public duties and must take steps to resolve any conflicts arising in a way that protects the public interest, including registering and declaring interests as set out below.

(b) You must only use or authorise the use of the authority's resources in accordance with the authority's requirements. You must, when using or authorising the use by others of such resources, ensure that they are used for proper purposes only. Resources must not be used improperly for political purposes (including party political purposes) and you must have regard to any applicable Local Authority Code of Publicity made under the Local Government Act 1986.

Respect for others

(a) You must treat others with respect. You should engage with colleagues and staff in a manner that underpins mutual respect, essential to good local government.

(b) You must not do anything which may cause your authority to breach any equality laws.

(c) You must not compromise or attempt to compromise the impartiality of anyone who works for, or on behalf of, the authority.

(d) You must not bully any person, including other councillors, officers of the authority or members of the public.

Leadership

You must promote and support high standards of conduct when serving as member or co-opted member of the authority, by leadership and example, championing the interests of the community.

You should uphold the law and, on all occasions, act in accordance with the trust that the public is entitled to place in you.

Registration of Interests

You must within 28 days of:

- (a) this Code being adopted by this authority; or
- (b) your election or appointment to office (where that is later)

Register with the Monitoring Officer the interests which fall within the categories set out in Appendix A (Disclosable Pecuniary Interests) and Appendix B (Other Disclosable Interests).

You must ensure that your register of interests is kept up-to-date and within 28 days of becoming aware of any new interest in Appendix A or B, or of any change to a registered interest, notify the Monitoring Officer of that new interest or change.

Declaring of Interests and Participation in Meetings

If you are present at a meeting and you have a Disclosable Pecuniary Interest as set out in Appendix A

- (a) you must not participate in any discussion of the matter at the meeting and you must not vote on the matter;
- (b) you must make a verbal declaration of that interest if an item of business affects or relates to that interest, at or before the item is considered or as soon as the interest becomes apparent;
- (c) you must leave the room where the meeting is held during any discussion or vote;
- (d) if the interest is not registered and is not the subject of a pending notification, you must notify the Monitoring Officer of the interest within 28 days.

Where a matter arises at a meeting which relates to an interest in Appendix B

- (a) you must not vote on the matter;
- (b) you may speak on the matter only if members of the public are allowed to speak at the meeting;
- (c) you must declare your interest if you speak on the matter at the meeting or if the interest is not already on your register of interests or if you have not notified the Monitoring Officer of it. Otherwise, you do not need to declare the interest at the meeting.

Where a matter arises at a meeting which relates to or is likely to affect any of the interests listed in Appendix A, but in respect of a member of your family (other than your spouse/partner) or a friend or close associate of yours

- (a) you must declare the interest;

- (b) you must not vote on the matter;
- (c) you may speak on the matter only if members of the public are allowed to speak at the meeting.

Sensitive interests

Where you consider that disclosure of the details of an interest could lead to you or a person connected with you being subject to violence or intimidation and the Monitoring Officer agrees that it is a “sensitive interest”, you need only declare the fact that you have an interest but not the details of that interest. Copies of the public register of interests may state you have an interest the details of which are withheld.

Gifts and Hospitality

There will be no requirement for you to declare or register any gifts and hospitality but DO NOT accept any gifts in excess of £50 (fifty pounds).

APPENDIX A

This code requires members to register, disclose and not to participate in respect of any matter in which a member has a “Disclosable Pecuniary Interest” as defined in Chapter 7 of the Localism Act 2011. Disclosable Pecuniary Interests are defined in the Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012.

Whilst Merseyside Waste Disposal Authority is not listed as a “Relevant Authority” in the above act, the following list of Disclosable Pecuniary Interests should be treated as if it were for the purposes of this Code.

ARTICLE 8

CODE OF CONDUCT FOR EMPLOYEES

This document outlines the standards of conduct expected from employee's incompliance with this Code of Conduct. The Code cannot cover examples of every specific instance which may arise in the course of employment but sets out the general and in some cases the specific standards which are to be met by all employees.

The Code of Conduct applies equally to all employees irrespective of their role, grade, or status. Certain aspects of the Code e.g.; Political Restriction, will however have more particular relevance to senior or other designated employees.

Elements of the Code apply to employees who are seconded to other organisations and will be applicable to individuals seconded to Merseyside Waste Disposal Authority (The Authority).

Agency staff or staff engaged under partnership arrangements will be expected to be familiar with the content of this Code of Conduct and undertake their duties in compliance. For the purpose of this document the term "employees" is inclusive of these individuals.

Employees in the Local Government Service are bound by certain rules and regulations, in some instances, by legislation, in others by Conditions of Service and the Constitution and Procedure Rules, and all by the terms of their individual contract of employment.

Local Government is a public service, and it is important that every employee conducts themselves in a manner which is beyond reproach and can be defended in the face of public criticism.

1.LINKS TO ASSOCIATED PROCEDURES

The Code of Conduct has been developed to be used as a general guide and will have links to other associated procedures that may also regulate or guide the standards of conduct expected of employees. There are numerous procedures within Human Resources, Health and Safety, Finance, Information Technology, Service Standards, Authority Constitution and Procedural Rules, Procurement and Equalities that will have close links to this Code of Conduct.

2. STANDARDS

Employees in Local Government are expected to give the highest possible standard of service when dealing with the public and other organisations. Where it is a part of employees' duties to provide advice to Elected Members or other employees this should be done appropriately and with courtesy and impartiality.

Employees should bring to the attention of their Chief Executive, Director or Section Manager any deficiency in the provision of a service which they feel could be properly eliminated or improved, any impropriety or any breach of procedure.

3. PROFESSIONAL STANDARDS

There is an obligation on all employees to adhere to rules and standards set by relevant professional bodies or institutions which govern the conduct of their members. Employees who are members of a professional body should offer advice and carry out their duties in accordance with the professional standards of appropriate body or institution. In some circumstances however, the Authority may determine its own standards which may complement or exceed those set by other bodies.

4. POLITENESS AND COURTESY

People generally respond positively to courtesy, and are more willing to co-operate.

This can reduce tension and assist employees to do their job more efficiently. Being polite and courteous also reduces the risks of assault. It is expected that employees conduct themselves with politeness and courtesy when dealing with colleagues, partners, service users of Authority facilities and visitors to the Authority at all times.

5. IDENTIFICATION

Employees should wear identification badges at all times during working hours unless official exemption has been given due to the nature of their work. When answering the telephone employees should use the correct salutation in accordance with the Authority's customer care protocol.

When visiting on business employees should state who they are, where they are from, the purpose of the visit, and the expected or approximate duration of the visit.

A warrant or right of entry documentation should be shown when required.

If possible or practicable employees should make arrangements in advance of visits especially where elderly or infirm clients are involved. Employees should always inform their manager, a colleague or appropriate person of the arrangements for outside visits in case of emergency.

In certain circumstances it may be necessary to ensure such visits are in the presence of another employee.

6. IMPLIED CONDITIONS OF THE CONTRACT OF EMPLOYMENT

Implied terms in any contract of employment are those aspects of it which are not prescribed in some specific way or other (i.e. in writing or in some oral form) which are intended to be binding on both the employer and employee but which form part of the contract.

The main implied terms which affect employees are:

The Duty of Fidelity

The expected loyalty of employees to the employer in the carrying out of a 'contract' to ensure there is no deliberate or negligent actions or omissions which could damage the business prospects or reputation of the Authority or in any way bring the Authority into disrepute.

Such actions could include improper behaviour when on Authority business, using information obtained through employment with the Authority to benefit self/another organisation, or to damage the integrity of the Authority.

The Relationship of Confidence and Trust

Any conduct or action which is likely to destroy or seriously damage the relationship of confidence and trust which must exist between the Authority and its employees will be in breach of this term.

Conduct which brings the Authority into disrepute could include actions committed outside work which has a bearing on employment e.g. fraud or theft.

Duty of Care

Every employee has a duty of care towards the Authority.

Care in this instance is defined as the requirement for employees in their particular occupation to utilise their skills, ability and knowledge (for which they are employed) to the best interest of the Authority.

7. MANAGERIAL RESPONSIBILITIES

Managers at whatever level in the organisation, have particular positions of trust greater than employees without these responsibilities. Terms detailed or implied in their contracts of employment place additional emphasis on behaviour and responsibility. Managers should therefore, set an example to other employees in observing the rules and practices of the Authority.

Obligation to Serve Faithfully

Managers are entrusted to exercise discretion and judgement when carrying out their duties.

When exercising discretion managers must have full regard to the Authority's legal obligations, Procedure Rules, rules of employment and expected standards of conduct and behaviour as they apply to their particular work area.

The contract of employment between Officer and the Authority is breached when managers commit or omit an act, not in the honest exercise of discretion or choice, but in order to disrupt or inconvenience the Authority's business.

Duty to Disclose

All managers are responsible for monitoring the conduct of employees under their control. Where there appears to be evidence of a serious breach of the contract of employment on the part of an employee or employees then managers have a duty to disclose such a breach to their relevant senior manager in order that the appropriate action may be taken.

8. CONFIDENTIALITY AND TRANSPARENCY

Employees who are responsible for information relating to customers and / or service users must maintain the confidentiality of such information. All paper and electronic information collected must be held in a secure and confidential environment and managed in accordance with relevant codes of practice.

Certain information must by law be open, e.g. under Section 100D of the Local Government Act 1972 and under the relevant statute or common law information must be made available to Elected Members, District Auditors and or the Public,

There are also obligations to disclose information under the Freedom of Information Act 2000.

Employees who are requested to provide information to any of these parties, must seek clarification in the first instance from their manager who may refer the matter to the Authority's Legal Officer for advice.

9. POLITICAL NEUTRALITY

The Authority is the employer and requires employees to implement its policies.

This must be done equitably and employees must not allow personal or political opinions to interfere with the duty to implement the lawful policies of the Authority.

Where employees are expected to advise Elected Members, they are required to conform to this Code of Conduct.

10. POLITICALLY RESTRICTED POSTS

Under the Local Government and Housing Act 1989, Local Authority employees holding politically restricted posts (as defined below) are disqualified from elected membership of any Council (other than a Parish Council), from being an MP or an MEP or to hold office in a political party. Neither must employees canvass at any election or poll and/or speak or write in public in a way which can be construed to affect public support for a political party.

The posts under this restriction are:

a) The Chief Executive of Waste Disposal and Directors

b) All posts graded at spinal column point 44 (or equivalent) salary and above;

c) All posts which meet the duties-related criteria for determining a “sensitive” post irrespective of remuneration level. These posts are defined as those which;

-give advice on a regular basis to the Authority, to any committee or sub-committee of the Authority, to any joint committee on which the Authority are represented.

-speak on behalf of the Authority on a regular basis to journalists and broadcasters

Employees who wish to apply for exemption from these restrictions should formally consult both the Chief Executive and the Assistant Corporate Services Manager.

11. RELATIONSHIPS

Elected Members

Both Councillors and Authority Employees are servants of the public, and they are indispensable to one another, but their responsibilities are distinct. Councillors are responsible to the electorate and serve only so long as their term of office lasts.

Authority Employees are responsible to Merseyside Waste Disposal Authority. Their job is to carry out the Authority’s work under the direction and control of the Authority, the Chief Executive and, Committees and sub-committees.

Mutual respect between Councillors and Authority Employees is essential for good local government. Close personal familiarity between individual Councillors and Authority Employees can damage the relationship and prove embarrassing to other Councillors and Authority Employees.

It is important to realise that local government employees should not use personal relationships with Elected Members to influence or attempt to influence any decision making process of the Authority or to interfere with the proper implementation of Authority decisions. Nor should Elected Members use personal relationships with employees to interfere with or gain advantage over the proper running of the local government service.

In the case of the Chief Executive any relationships of the above type must be reported to the Authority.

Contractors and Suppliers

Relationships that exist or have existed between Officers with contractors or suppliers, or with potential contractors or suppliers, whether financial or non-financial must be declared.

Contractors and suppliers must be dealt with in a fair and equitable manner and no advantageous, disadvantageous or prejudicial treatment given to individuals. This is in addition to the statutory responsibilities of all Authority Employees under the provisions of Section 117 of the Local Government Act 1972

Employees who engage or supervise contractors or suppliers and are involved with suppliers or contractors with whom they previously had or currently have a relationship in a private or domestic capacity must declare that relationship (as soon as they become aware of it), in writing to the Chief Executive.

Contractors and suppliers must not be used in a private or domestic capacity by any employee who has had or is having an official relationship with the contractor or supplier where the employee may benefit from that relationship. If any relationship becomes unavoidable, for example if the domestic relationship preceded the Authority's business relationship then the circumstances of the private or domestic relationship must be declared to the Chief Executive using the appropriate form i.e.

Registration of Personal Interests.

Contractors and suppliers of the Authority must not be approached by employees in any capacity, to provide goods and services at preferential rates by virtue of employees' dealings on behalf of the Authority. This does not apply to employees purchasing goods or services at normal rates from Authority suppliers in their capacity as a member of the public.

Exceptions to the above are those organisations who have been approved or authorised by the Authority to offer preferential rates for their goods and services to all employees of the Authority.

Appointments/Promotion/Discipline

Appointments or promotions must be made in accordance with the Authority's Recruitment, Selection and Retention Policy. Employees involved in these processes must declare to their manager any personal, social or other relationship with any candidate over whom a decision is required. It is unlawful to make an appointment based on anything other than the ability of the candidate to undertake the duties of the post.

Candidates for all appointments are required to disclose on their application forms whether they are related to any Elected Councillor or employee of the Authority.

All employees graded above scp 28, or who receive a rate of pay in excess of that must disclose to their manager any relationship known to exist between themselves and any candidate for appointment with the Authority.

Similarly, irrespective of an employee's grade, caution and judgement must be exercised if they are involved or potentially involved in decisions relating to Human Resources

Procedures which involve another employee with whom they have a personal, social or other relationship.

Management / Staff /Private Business Relationships

Given the wide range of skills of Authority employees, there may be occasions when employees carry out private work for other employees either on a voluntary or paid basis. This is generally, but not exclusively within technical or craft areas (e.g. bricklaying, joinery, plumbing, building drawings, gardening etc). The above of course is subject to employees complying with their obligations contained elsewhere within the Code of Conduct.

However, problems could occur if employees undertake work or activities of this kind for managers. Such relationships may influence a manager's judgement in relation to employment matters or be perceived by others as doing so.

Managers should therefore not have staff undertake private work for them.

12. DATA PROTECTION

Under the Data Protection Act 1998 employees have a legal obligation to safeguard personal data in their care and treat it in accordance with the provisions of the Act.

All personal information which is held and accessed in the course of employees' duties must be treated as confidential. It must not be disclosed to a third party without authorisation or permission of the party concerned. Employees must abide by the Authority's Data Protection policy and other relevant codes of practice in relation to data held about service users, employees or members of the public.

12. OUTSIDE COMMITMENTS / ADDITIONAL EMPLOYMENT

Employees graded above spinal column point 28 or who are above that corresponding pay level must not engage in other employment or engage in any other business without the express permission of the Authority.

Ordinarily, employees graded below scp 28 do not have to seek permission to engage in other employment or other business. However, the Authority subscribes to the Working Time Regulations (1998, as amended) and will take an interest in the number of hours that employees work above those contracted to the Council. The Council's Working Time Policy statement requires employees to notify their manager of any additional work undertaken. Managers will be expected to monitor the number of hours employees work within this category and should bring any issues they feel appropriate to their own manager, Chief Executive or The Assistant Corporate Services Manager.

The Authority also has a duty of care to its employees and recognises that working excessive hours may be a contributory factor to employee's ill health and may have an adverse effect on their ability to perform their substantive duties at the Authority.

All employees irrespective of grade or status must not involve themselves in any organisation or business on a regular or casual basis, which carries out work on behalf of the Authority or on Authority property, nor must they hold any financial or business interest in any such organisation. In addition, if family are so involved then the family and business relationship must be declared to the Chief Executive using the appropriate form i.e. Registration of Personal Interest.

If clarification is required on this matter then advice should be sought from the Assistant Corporate Service Manager and if necessary discussed with the Chief Executive, and, the relevant Director.

Guidance is available at paragraph 22 of this Code of Conduct should employees seek to engage in outside commitments / additional employment.

14. REGISTRATION OF PERSONAL INTERESTS

Senior Officers (Director and above) must make an annual declaration of any personal interests they may have. Senior Officers will be expected to make a declaration annually, even if it is simply to formally state that they have no interests to declare.

In addition certain Senior Officers as deemed appropriate by the Chief Executive will also be expected to make similar declarations. These declarations will be from Senior Officers involved in the procurement function, dealing with contractors or suppliers or those involved in sensitive dealings with the public.

All employees irrespective of grade or status must declare to the Chief Executive any interest that could bring about conflict with the Authority's interests e.g. acting as a school governor or involvement with any organisation or pressure group which may seek to influence the Authority's policies, and/or seek funding grants.

All employees irrespective of grade or status must declare any financial interests in organisations which could conflict with the Authority's interests.

Employees who are members of organisations not open to the public and which have secrecy about rules, membership or conduct, must declare this membership to the Chief Executive, using the appropriate form i.e. Registration of Personal Interest.

In the case of the Chief Executive any personal interests of the above type must be reported to the Clerk to the Authority.

Guidance is available at paragraph 22 for employees wishing to register a personal interest.

15. USE OF AUTHORITY PROPERTY OR FACILITIES

Employees must not remove or use Authority property or facilities for personal requirements or for the benefit of others where the work of the Authority is not involved.

Use of Authority buildings or property outside your normal duties and hours of work must be fully authorised and open to security.

Employees must not conduct business or work connected with an outside business or organisation during Authority time. Employees must not involve colleagues or request them to carry out such work.

16. COPYRIGHTS, DESIGNS AND PATENTS

Any inventions, creative design, writing or drawings which are produced as part of normal duties or as an obligation are the property of the Authority and must not be passed to outside organisations or persons.

Employees must not market or sell any invention, creative design, writing or drawing which has been produced or used during their period of employment with the Authority.

17. EQUALITY ISSUES

All employees have an obligation to ensure that they comply with the requirements of the law and Authority policies relating to equality and respect at work.

18. INVOLVEMENT IN THE TENDERING PROCESS

Employees involved in the tender process for Authority services or in the procurement of goods and services should fully understand the current Authority's procedures and practices and be conversant with the Authority Procedural Rules. If employees are unclear, they should seek guidance from their manager.

Employees, when dealing with customers, suppliers, contractors and sub-contractors, must do so in a fair and impartial manner.

Employees who are privy to confidential information on tenders or costs for either internal or external contractors or suppliers must not disclose that information to unauthorised parties or organisations.

You must ensure that no special favour is shown to current or recent former employees or their partners, close relatives or associates in awarding contracts to businesses run by them or employing them in a senior or relevant managerial capacity.

If a contract in which you have a pecuniary interest, whether direct or indirect not being a contract to which you are yourself a party, comes before the Authority, you must give notice of your interest at the earliest opportunity on the appropriate form.

In the case of the Chief Executive any interest of the above type must be reported to the Authority.

19. CORRUPTION

It is a criminal offence for employees to corruptly receive or give any gift, loan, fee, reward or advantage for providing or not providing anything or showing favour or disfavour in their official capacity to any person.

20. FINANCIAL RESOURCES

Employees who are responsible for financial resources of the Authority must ensure that they are used in a responsible and lawful manner, thus ensuring Best Value to the taxpayer and avoiding legal challenge to the Authority.

Employees must ensure that all Authority Standing Order and Procedural Rules are observed when handling or dispensing financial resources.

21. HOSPITALITY AND GIFTS

The circumstances surrounding the provision and receipt of gifts and hospitality area is a sensitive issue in all aspects of the public service. For obvious reasons employees should exercise extreme caution when offered any form of gift or hospitality connected to their duties. The following set out some guidelines but it is essential that employees seek the earliest clarification from their manager before acceptance if there is any doubt.

HOSPITALITY

Official Hospitality

Some Officers will be expected to attend official functions and events on behalf of the Authority and sometimes will accompany Elected Members. It is the norm that hospitality will be provided by the host and it is quite acceptable and proper that this reasonable hospitality be accepted and there is no requirement for the officer to declare it.

Hospitality at Conferences, Seminars / Training Courses

A part of some officers' professional duties will be to attend conferences, seminars, briefings etc. As part of the fee, which is usually paid by the Authority, hospitality will be offered in the form of lunches, dinners or receptions. Provided that this is an integral part of the event there is no requirement to declare this.

At certain events organisations may provide hospitality over and above that included in the fee. This hospitality may be open to all or by select invitation. As a rule employees should declare all hospitality offered over and above that included in the event fee, albeit this may be in retrospect.

Day to Day Working / Hospitality

During officers' day to day business it is possible that an offer of hospitality will be made. This hospitality usually takes the form of refreshments. In these situations officers should exercise caution and professional judgement without causing offence to the other party.

Private / Recreational Hospitality

Hospitality may be offered to officers by organisations with speculative or established links to the Authority. This hospitality usually has a recreational base and includes golf events, football / rugby/ cricket games, theatre tickets, holidays, spa days etc., but could also extend to invitations to dinners and or events organised by institutions or consultants. This type of hospitality must be declined, and declared.

All declared hospitality or offers of hospitality will be recorded in the central register in the Corporate Services Section.

Declaration of Hospitality

To declare details of hospitality you should complete form DA1 as soon as possible. The form is available from the Corporate Services Section.

Details of hospitality (accepted or declined) will be entered into a register which will be maintained by the Corporate Services Section Resources. The record of hospitality which is declared or declined should be sent to the Corporate Services Section. If possible a value of the hospitality should be provided. Employees should always inform their Line Manager accordingly.

Gifts to Employees

With the exceptions outlined below employees are not permitted to receive gifts in their capacity as employees of the Authority. These include gifts for work undertaken, speaking engagements, gifts from organisations with links to the Authority, gifts provided at seminars / conferences, competitions connected to the employees work, etc.

Promotional gifts of insignificant value (e.g. pens, diaries, key rings, calendars etc.) are acceptable and employees will not be required to declare these.

Individual employees or the section within which they work, may also receive gifts from current and former colleagues. These gifts are usually in the form of souvenirs, flowers,

confectionery, wine etc. These gifts are acceptable and there is no requirement to declare them.

All other gifts should either be declined or where this is not practical, declared to the Corporate Services Section who will arrange for the gift to be donated to an appropriate charity. Acknowledgement will be sent to employees declaring the gift or item.

Employees are reminded in all cases that where there is any doubt then guidance should be sought from the Assistant Corporate Services Manager, Line Manager or Chief Executive.

In the case of the Chief Executive any uncertainty as to the acceptability or otherwise of offers of hospitality should be discussed with the Clerk and Solicitor to the Authority.

22. REGISTERING A PERSONAL INTEREST / APPLICATION FOR PERMISSION TO ENGAGE IN OUTSIDE COMMITMENTS / ADDITIONAL EMPLOYMENT

Employees registering an interest or applying for permission to engage in outside commitments or additional employment should do so on the appropriate form which is obtainable within the Employee Handbook, the Authority Intranet or from the Corporate Services Section.

In all cases employees' applications to engage in outside commitments or additional employment will be considered by and commented on in the first instance by the Director and Section Manager. This will then be submitted to the Chief Executive who will approve or disallow the request. The decision will be relayed to the employee in writing. Until such confirmation is received no commitments should be entered into.

Employees registering interests will receive acknowledgement and notification of specific action required to be undertaken in accordance with this Code of Conduct.

23. RECONSIDERATION

If employees are dissatisfied with the response of the Chief Executive then they may write to the Chief Executive requesting reconsideration of the issue. This should include any further evidence that may assist the Chief Executive.

ARTICLE 9

MEMBER / OFFICER PROTOCOL

1. **INTRODUCTION**

- 1.1 The relationship between Members and Officers is an essential ingredient that goes into the successful working of the organisation. This relationship should be characterised by mutual respect, informality and trust. Nothing in this Protocol is intended to change this relationship. The purpose of this Protocol is rather to help Members and Officers to perform effectively by giving guidance on their respective roles and expectations and on their relationship with each other. The Protocol also gives guidance on what to do on the rare occasions when things go wrong. Responsibility for the operation of this Protocol lies with the Clerk to the Authority.
- 1.2 The Protocol must be read and operated in the context of any relevant legislation and national and local codes of conduct.
- 1.3 "Officer" for the purposes of this Protocol includes all employees of the Authority.
- 1.4 "Member" for the purpose of this Protocol relates to those Councillors who have been nominated to represent their constituent district council on the board of Merseyside Waste Disposal Authority.

2. **ROLES OF MEMBERS AND OFFICERS**

- 2.1 The respective roles of Members and Officers can be summarised as follows:

2.2 **Members**

Members and Officers are servants of the public and they are indispensable to one another, but their responsibilities are distinct. Councillors are responsible to the electorate and serve only so long as their term of office lasts. Officers are responsible to the Authority. Their job is to give advice to Members and to the Authority, and to carry out the Authority's work under the direction and control of the Authority and relevant Committees, etc.

Mutual respect between Councillors and Officers is essential to good local government.

Members have four main areas of responsibility:

- (a) determining the policy of the Authority and giving it political leadership;
- (b) monitoring and reviewing the performance of the Authority in implementing that policy and delivering services;
- (c) representing the Authority externally; and
- (d) acting as advocates on behalf of their constituents.

It is not the role of Members to involve themselves in the day-to-day management of the Authority's services.

2.3 Members with Additional Responsibilities

Where Members have additional responsibilities, their relationships with officers may be different from, and be more complex than, those of Members without those responsibilities and this is recognised in the expectations they are entitled to have. However, such Members must still respect the impartiality of Officers and must not ask them to do work of a party political nature.

2.4 Opposition Members

As individual Members, all Members have the same rights and obligations in their relationship with Officers and should be treated equally. However, where a political group forms an administration it is recognised that the relationship between Officers, particularly those at a senior level in the organisation, and the administration will differ from that with opposition groups.

2.5 Officers

The role of Officers is to give advice and information to Members and to implement the policies determined by the Authority.

In giving such advice to Members, and in preparing and presenting reports, it is the responsibility of the Officer to express his/her own professional views and recommendations. No Member should seek to pressure an Officer to make a recommendation contrary to the Officer's professional view.

Some officers have responsibilities in law over and above their obligations to the Authority and to individual Members. Members must respect these obligations, must not obstruct Officers in the discharge of these responsibilities and must not victimise Officers for discharging their responsibilities.

3. EXPECTATIONS

3.1 Members can expect from Officers:

- (a) A commitment to the Authority as a whole, and not to any political group
- (b) A working partnership
- (c) An understanding of, and support for, respective roles, workloads and pressures
- (d) Timely response to enquiries and complaints
- (e) Professional advice, not influenced by political views or preference, which does not compromise the political neutrality of Officers

- (f) Regular, up-to-date information on matters that can reasonably be considered appropriate and relevant to their needs, having regard to any individual responsibilities that they have and positions that they hold
- (g) Awareness of, and sensitivity to, the political environment
- (h) Respect, dignity and courtesy
- (i) Training and development in order to carry out their role effectively
- (j) Integrity, mutual support and appropriate confidentiality
- (k) Not to have personal issues raised with them by Officers outside the agreed procedures
- (l) That Officers will not use their relationship with Members to advance their personal interests or to influence decisions improperly
- (m) That Officers will at all times comply with the relevant Code of Conduct
- (n) Support for the role of Members as the local representatives of the Authority

3.2 Officers can expect from Members:

- (a) A working partnership
- (b) An understanding of, and support for, respective roles, workloads and pressures
- (c) Political leadership and direction
- (d) Respect, dignity and courtesy
- (e) Integrity, mutual support and appropriate confidentiality
- (f) Not to be put under undue pressure or bullied. Members should have regard to the seniority of Officers in determining what are reasonable requests, having regard to the respective roles of Members and Officers, and the potential vulnerability of Officers, particularly at junior levels
- (g) That Members will not use their position or relationship with Officers to advance their personal interests or those of others, or to influence decisions improperly.
- (h) That Members will at all times comply with the relevant Code of Conduct

3.3 Limitations on Behaviour

The distinct roles of Members and Officers necessarily impose limitations upon behaviour. By way of illustration, and not as an exclusive list:

- (a) Close personal relationships between Members and Officers can confuse these separate roles and get in the way of the proper discharge of the Authority's functions, not least in creating the perception of others that a particular Member or Officer may secure advantageous treatment.
- (b) The need to maintain the separate roles means that there are limits to the matters on which Members may seek the advice of Officers, both in relation to personal matters and party political issues.

- (c) Relationships with particular individuals or party groups should not be such as to create public suspicion that an Officer favours that Member or group above others. The issue of Officer attendance and advice to political groups is specifically covered below.

3.4 Support Services for Members

The MWDA provides support services for Members :-

- a. Development and training;
- b. Supplementary ICT support coordinated with Districts as necessary

Members' subsistence and travel expenses are also paid in accordance with the MWDA scheme and legislation. Members may only claim expenses that they have actually incurred, and that they needed to incur for MWDA activities.

3.5 Member Access to Information

MWDA's Publication Scheme makes a clear presumption in favour of disclosure of information.

Information requested by Members should be supplied to them unless there are good reasons for withholding it in accordance with this Protocol, and those reasons are given in writing and copied to the Monitoring Officer. Information requested should be supplied accurately and quickly. In a few instances, the need to meet legal constraints, and to protect the Authority's and the public interest, may lead to contention.

The following paragraphs set out some guidance on how to resolve those issues.

They describe:-

- The circumstances in which Members have a legal right to access the information
- The limits to those legal rights
- The process that will determine a dispute

Under the "need to know" principle, Members are entitled to the information that they reasonably require to enable them to discharge their functions as Members. They are not entitled to go on fishing expeditions through Authority files. Statute law and the Constitution give Members rights of access to certain Authority documents.

Members do not have a general right to require Officers to carry out research or administrative work to provide information, apart from Officers whose job is to provide such support to Members. Unless they have authority to do so by virtue of

their specific role, they cannot require resources to be reallocated for work of this kind.

Members are entitled to publicly accessible information, and personal information about themselves, like any other member of the public (for example under the Data Protection Act or the Freedom of Information Act). Members may be authorised by a member of the public to access information on their behalf, but the authority must be in writing clear and explicit.

An Officer may require a Member to undertake that the information will be treated as confidential before supplying it, and may refuse to supply it if the undertaking is not given. Reasons for confidentiality should be given in writing and subject to the Right of Appeal to the Monitoring Officer.

Information provided by Officers should be prompt and accurate.

Any Member who is dissatisfied with the decision to withhold information should complain to the Chief Executive, who may take legal advice. If the Member disagrees with the decision of the Chief Executive they can place the matter before the Authority, or raise it with the District Auditor.

3.6 Confidentiality

Members and Officers must keep confidential information and papers confidential. This means not sharing them with anyone.

MWDA papers marked “exempt” and “confidential” are to be treated as confidential. Other information may be confidential because it is against the Authority’s or the public interest to disclose it or because of the circumstances in which it was obtained.

Information about someone’s private or business affairs will normally be confidential, as will their correspondence with the Authority.

Officers should make it clear to Members if they are providing them with confidential information. If a Member is uncertain about whether or not information might be confidential, he or she should seek guidance from the Monitoring Officer, and in the meantime treat it as confidential.

If a Member receives confidential information but think it should be released on a “whistle-blowing” basis in the public interest, he or she must check with the Chief

Executive, Monitoring Officer or Clerk or the appropriate external Regulatory Authority before deciding to release it.

3.7 Correspondence

Only the Chair and Deputy Chair can write official letters on behalf of the Authority (that is to say a letter intended or appearing to be written on behalf of the Authority as a body, as opposed to on behalf of an Individual Member) although generally Officers will handle correspondence of all kinds. Members writing official letters on behalf of the Authority must use a style which distinguishes this from the letters written in their personal or political capacities. Other Members' letters are written in personal or political capacities.

A Member can ask an Officer to keep their correspondence private. If the Officer cannot do this (because they are under an obligation to someone else, or under the Constitution, or because the Authority ought to respond to the issue raised in a different way) they must make this clear straight away. Otherwise, the Officer must observe confidentiality.

Unless correspondence is private, Officers may copy letters of general interest to the relevant Executive Member or Committee Chair. They should always state that they are doing this on the letter itself. Officers should never copy Members' correspondence to other Members secretly.

Officers should be aware that Members may circulate their letters to the public unless requested not to do so.

If an Officer needs to reproduce and communicate an oral conversation with a Member in written form, he or she will copy the correspondence to the Member concerned as a matter of courtesy.

Officers should respond to correspondence from Members within 5 working days.

Reference in this section to correspondence includes all e-mails.

3.8 Staffing Matters

Members may be formally involved in staff recruitment, disciplinary and grievance issues as a member of a panel. That apart, Members should not become personally involved in such matters. Officers should not raise individual personal issues with Members concerning their jobs.

If a Member received a “whistle blowing” disclosure from an employee he or she should pass it on in accordance with the Whistle Blowing Policy.

3.9 Authority Property

Individual Members do not have a general right to visit Authority premises or land that is not open to the public.

Members may have a “need to know” what is happening on Authority premises in the same way as they have access to other information. This will entitle them to visit premises for specific purposes such as scrutiny. If Members do visit premises, they should normally make themselves known to the person in charge.

3.10 Attendance at Meetings

Members may wish Officers to attend public meetings to provide them with support. This is subject to the certain principles set out in the Code of Conduct for Employees and summarised below:-

- Officers cannot become involved in political debate. This includes public meetings at which Members are not present.
- Officers will be able to explain particular proposals and issues but technical Officers are not expected to deal with issues outside their area of knowledge.
- Officers will not normally attend such meetings after the publication of notification of election.
- Attendance will be approved by the Chief Executive or appropriate Director in accordance with corporate guidelines if any are set.

Officers may be invited to public meetings by local people or organisations. If so, they should consider whether any Members, especially Ward Members, should be notified.

3.11 Avoiding Political Publicity

Literature and other material produced by any Officer or anyone using MWDA facilities:-

- Must not promote or denigrate a political party
e.g. (“Councillor says Conservatives have got it wrong” is not acceptable).
- Must not promote or denigrate policies that are clearly those of a political party
 - e.g. (“Chairman says Government should give councils more money for Waste” is acceptable, whereas “ Member says Labour should raise taxes to spend more on waste” is not).
- Must not emphasise the political group or party to which a Member belongs by use of large font, unnecessary repetition, design features etc. A single

incidental, low-key reference to political party or group may be permissible. Anything else will not be.

- Must not include slogans, strap lines, logos or other design features identifiable with a political party.
- Must be “objective, balanced, informative and accurate” and avoid oversimplification and sloganising.
- Must not consist of campaigning or persuasive material, as opposed to informative material, except where this is a legally acceptable Authority function (“Register for HWRC Permit” is acceptable, but “Ban fox hunting” is not).
- May only contain quotes from, or photographs of, Members, insofar they are relevant to their roles as Members. Chair, Deputy Chair or Group Leaders and Opposition Spokespersons are therefore in a different position from others.

There should not normally be a problem providing support to Members attending to District matters, such as responding to individual constituent’s complaints and enquiries, helping to solve individual problems, or dealing with local waste issues.

4. **POLITICAL GROUPS**

4.1 The operation of political groups is an integral feature of Local Government, and such political groups can have an important part to play in the development of policy and the political management of the Authority. It is appropriate that the Authority support the effective operation of political groups, when formed, but their operation can pose particular dangers in terms of the impartiality of Officers.

4.2 Reports

Political groups may request the Clerk to prepare written reports on matters relating to the Authority for consideration by the group.

Officer reports to political groups will be limited to a statement of material facts and identification of options and the merits and demerits of such options for the Authority. Reports will not deal with any political implications of the matter or any options, and Officers will not make any recommendation to a political group.

Where a report is prepared for a political group, the Clerk will advise all other groups that the report has been prepared and will provide a copy of that report to any group upon request.

4.3 Officer Attendance

- a) Any political group may request the Clerk to attend a meeting of the group to advise on any particular matter relating to the Authority.

- b) The Clerk may arrange for the attendance of a representative in his/her stead, or may decline to attend or to provide a representative where he/she is of the opinion that the particular issue is of such a political nature that it would be inappropriate to attend.
- c) Officers' advice to political groups will be limited to a statement of material facts and identification of options and the merits and demerits of such options for the Authority. Advice will not deal with any political implications of the matter or an option, and Officers will not make any recommendation to a political group.
- d) Where an Officer attends a political group meeting, the Clerk will advise all other groups that the Officer has attended and the subject upon which he/she has advised.
- e) Officers will respect the confidentiality of any matter which they hear in the course of attending a political group meeting.

5. WHEN THINGS GO WRONG

5.1 Public Criticism

Members and Officers should not criticise or undermine respect for the other at Authority Meetings or at any other meeting they attend in their capacity as a Member or Officer.

5.2 Procedure for Officers

From time to time the relationship between Members and Officers may break down or become strained. Whilst it will always be preferable to resolve matters informally, through conciliation by an appropriate senior manager or Members, Officers will have the recourse to the Grievance Procedure or to the Authority's Monitoring Officer as appropriate to the circumstances.

In the event of a grievance or complaint being upheld, the matter will be referred to the Clerk, who, having advised the Chair and the appropriate group leader, will decide on the course of action to be taken.

5.3 Procedure for Members

In the event that a Member is dissatisfied with the conduct, behaviour or performance of an Officer, the matter should not be raised at any meeting held in public, instead the matter should be raised with the Chief Executive. Where the Officer concerned is the Chief Executive, the matter should be raised with the Clerk.

If the matter cannot be resolved informally, it may be necessary to invoke the Authority's Disciplinary Procedure.
