**TREASURY MANAGEMENT STRATEGY STATEMENT 2016/17; ANNUAL REVENUE PROVISION POLICY STATEMENT; ANNUAL INVESTMENT STRATEGY; AND TREASURY MANAGEMENT AND PRUDENTIAL INDICATORS WDA/04/16**

**Report of the Treasurer**

**1. Purpose of the Report**

- 1.1 The Local Government Act 2003 (the Act) and the framework established by CIPFA through its Prudential Code requires the Authority to set Prudential and Treasury Indicators for each of the next three years to ensure the Authority's capital investment plans are affordable, prudent and sustainable. The Act also requires the Authority to set out its Treasury Strategy for borrowing and to prepare an Annual Investment Strategy that sets out its policies for managing its investments and the priority given to the security and liquidity of those investments. This report and its appendix enable the Authority to consider and approve each of these elements

**2. Background**

- 2.1 In order to provide Members with an understanding of the Authority's Treasury Management and Borrowing positions, a document has been prepared, attached at Appendix 1 to this report; the 'Treasury Management Strategy Statement 2016/17, Annual Revenue Provision Policy Statement and Annual Investment Strategy'.

**3. Treasury Management Strategy, Annual Revenue Provision Policy Statement and Annual Investment Strategy**

- 3.1 Members' attention is draw to the detail set out in Appendix 1 to this report which sets out the background and proposed positions for the Authority to approve.
- 3.2 The Treasury Management Strategy covers:
- The current treasury position
  - Prospects for interest rates
  - Borrowing requirements and strategy
  - Annual Revenue Provision policy statement

- Debt rescheduling options
  - The annual investment strategy (Annex 2)
  - Treasury Management and Prudential Indicators (Annex 3)
- 3.3 Together, the above form the basis of the Authority's proposed Treasury Management Strategy, Annual Revenue Provision Policy Statement, Annual Investment Strategy and Treasury Management and Prudential Indicators.

#### **4. Risk Implications**

- 4.1 The Treasury Management approach set out in the report at Appendix 1 provides a prudent basis for managing the Authority's investments. The key to the investment strategy is to ensure that capital is preserved, and that the risk profile of investments is minimised. The approach means that the Authority will not be advised to consider investing in higher risk investments which could potentially place its capital at risk. The downside to this is that investment returns, while relatively healthy, remain somewhat conservative. To obtain larger returns would require putting elements of the investments at risk and this is not advised.
- 4.2 In terms of borrowings, the Authority has a profile of borrowings which provide a balance between shorter and medium to long term maturities, which means that the Authority is not called on to repay all its external borrowings at one time which could have an impact on its immediate ability to manage its liquidity and cash-flow. The option of reviewing the debt and rescheduling for even lower cost borrowing is available to the Authority, but will only be taken up where the costs of any premium payments to be made on redemption and rescheduling of existing debt do not exceed the financial benefits of the otherwise lower cost borrowing.
- 4.3 By considering and approving the Strategy Statement, the Annual Revenue Provision Policy, the Annual Investment Strategy and the Treasury Management and Prudential Indicators the Authority will demonstrate its governance of the way these matters are managed.

#### **5. HR Implications**

- 5.1 There are no HR implications associate with this report

#### **6. Environmental Implications**

- 6.1 There are no environmental implications associated with this report

## **7. Financial Implications**

- 7.1 The report considers the Authority's investment and borrowing, ensuring that a prudent approach is taken to preserve the Authority's cash flow and liquidity while minimising risk. The report also considers the affordability of borrowing via the Treasury Management and Prudential Indicators.

## **8. Legal Implications**

- 8.1 Through considering and approving the content of Appendix 1 to the report Members will clearly demonstrate compliance with the statutory requirements regarding Treasury Management and Prudential Indicators.

## **9. Conclusion**

- 9.1 In order to demonstrate the Authority's governance arrangements in respect of Treasury Management Members are asked to consider and approve the content of Appendix 1 to this report which sets for the Authority: a Treasury Management Strategy Statement for 2016-17, an Annual Revenue Provision Policy, an Annual Investment Strategy and the Treasury Management and Prudential Indicators.
