CG9: Review Governance arrangements to ensure they remain effective in practice

- Ensure that systems and processes are designed in conformity with appropriate ethical standards, and monitor their continuing effectiveness in practice.
- Maintain whistle-blowing arrangements to which staff and all those contracting with the Authority have access.
- Actively recognise the limits of lawful activity placed on the Authority by, for example, the ultra vires doctrine but also strive to utilise powers to the full benefit of the communities it serves Recognise the limits of lawful action and observe both the specific requirements of legislation and the general responsibilities placed on local authorities by public law.
- Observe all specific legislative requirements placed upon the Authority, as well as the requirements of general law, and in particular to integrate the key principles of good administrative law – rationality, legality and natural justice – into its procedures and decision-making processes.
- Ensure that those making decisions, whether for the authority or the partnership are provided with information that is fit for the purpose – relevant, timely and gives clear explanations of technical issues and their implications.

3. Core Principle: Defining Outcomes in terms of sustainable, economic, social and environmental benefits			
Supporting Principles:	To Achieve this MWDA will:	This is evidenced by:	What we will do to improve:
Defining Outcomes			

•	Sustainable economic,
	social and environmental
	benefits

- Develop and promote the Authority's purpose and vision through its Corporate Plan.
- Ensuring fair access to services
- Delivering defined outcomes on a sustainable basis within the resources that will be available
- Managing service users' expectations effectively with regard to determining priorities and making best uses of the resources available.
- Considering and balancing the combined economic, social and environmental impact of policies and plans when taking decisions about service provision
- Determining the wider public interest associated with balancing conflicting interests between achieving the various economic, social and environmental benefits, through consultation where possible.
- Ensure value for money which takes account of sustainable delivery of services and improved environmental performance

5. Core Principle: Developing the entity's capacity, including the capability of its leadership and the individuals within it

Supporting Principles:	To Achieve this MWDA will:	This is evidenced by:	What we will do to improve:
 Developing the entity's capacity Developing the capability of the entity's leadership and other individuals 	 Develop skills on a continuing basis through staff and Member training and development programmes to improve performance, including the ability to scrutinise and challenge and to recognise when outside expert advice is needed. Ensure that effective arrangements are in place for reviewing the performance of the Authority as a whole and of individual Members and agreeing an action plan which might for example aim to address any training or development needs. Develop the Authority's strategies and policies to ensure that effective arrangements are in place, designed to encourage individuals from all sections 	 Constitution Staff Development Scheme Competency Framework Corporate Training Plan Officer Training and Development Plans Member Training and Development Plans Code of Conduct for Members Chief Executive role defined in Authority Procedural Rules Job Descriptions and Person Specifications Service Plans 	CG6: To develop a programme of review for Authority Policies and Procedures for Member approval CG9: Review Governance arrangements to ensure they remain effective in practice CG10: Review the Authority's accounting policies to improve financial robustness and submit to Audit Committee for approval

6. Core Principle: Managing risks and performance through robust internal control and strong public financial management				
Supporting Principles:	To Achieve this MWDA will:	This is evidenced by:	What we will do to improve:	

- Managing Risk
- Managing performance
- Robust internal control
- Managing Data
- Strong public financial management
- Continue to embed risk management into the culture of the authority, with members and managers at all levels recognising that risk management is part of their jobs.
- Maintain an effective Scheme of Delegation, ensuring that the Chief Executive is responsible and accountable to the Authority for all aspects of operational management.
- Publish the Authority's Service Delivery Plan on a timely basis each year to communicate the Authority's activities and achievements, its financial position and performance.
- Set out clearly the respective roles and responsibilities of the Authority's Members and senior officers.
- Ensure that the Authority's Corporate
 Plan and key strategies are developed
 through robust mechanisms, and in
 consultation with the local community
 and other key stakeholders, and that
 they are clearly articulated and
 disseminated
- Maintain the Member/Officer Protocol to ensure that a shared understanding of roles and objectives is maintained.
- Ensure that the Clerk to the Authority and the Monitoring Officer are responsible for ensuring that agreed procedures are followed and that all
